

Beverly Farmers' Market

2026-2027 Indoor Rules & Regulations For Vendors

PLEASE REVIEW THESE RULES & REGULATIONS. AFTER READING, PLEASE INITIAL ACCEPTANCE ON THE LINE PROVIDED AND RETURN AN INITIALED COPY WITH YOUR APPLICATION.

VENDOR NAME: _____

1. Products Allowed at Beverly Farmers' Market:

The Beverly Farmers' Market (BFM) operates as a Government of Alberta Agriculture & Forestry (AAF) approved Farmers' Market. We embrace & **enforce** the "Make it, Bake it, Grow it" philosophy where a minimum of 80% of Vendors sell Alberta products.

➤ Vendors are classed according to the 80% / 20% rule. The 80/20 rule applies to the market as a whole. It does not apply to the product on your table

• **If you receive approval to sell a product that you make, bake or grow, 100% of your table must contain your approved make, bake or grow product.**

➤ All Vendors must meet all provincial, inter-provincial and federal regulations. _____

The 80% Vendors:

- Vendors that sell Alberta products which they, an immediate family member, staff, or cooperative farming enterprises have made, baked or grown within Alberta, are approved within the 80%. ("Make It, Bake It, Grow It")
- "Make It" is defined as making a significant change to a raw product. Eg; purchasing a side/quarter of beef/pork/chicken, etc. and making sausage, etc. or buying a bolt of fabric and sewing a dress, etc. You can sell the sausage as you made it but you can't sell the side of beef that you bought. Likewise, you sell the dress but not the bolt of cloth.

The 20% Vendors:

- Vendors that do not make their own product or are from **outside** Alberta but within Canada and sell products which they, an immediate family member, or staff have grown, produced, made, processed or baked, are approved within the 20%.
- Primarily at BFM, the 20% is used to permit BC Fruit* to be sold.
- If additional space is available within the 20%, it can be used to permit other products, considering the following criteria:
 - ✓ Products are unique and will complement the market mix.
 - ✓ Products represent interests that will enhance the community spirit of the market.
 - ✓ Only the Market Board decides what will be permitted within the 20% _____
- ***BC Fruit is considered within the 20%.**
 - BC Fruit Vendors **may not sell vegetables regardless of whether they are in season locally or not.**
 - BC Fruit Vendors may not sell specific berry types that are a major item for a local Vendor. (ie: strawberries)
 - If a BC Fruit Vendor wishes to bring in berries that are a minor item for a local Vendor and is available locally, they must give the Market Manager one week notice, so that local vendors can be surveyed as to availability.
 - **At each market, BC Fruit Vendors that do not own their own orchard must produce proof of purchase, which includes the name and address of the BC Orchard where the fruit is grown and the date of purchase.** _____

The 80% & 20% Products:

The sale of US fruit or vegetables is strictly forbidden. A vendor caught selling fruit grown outside Canada will be expelled from the Market, without any refund given.

- The Vendor Committee and as delegated to the Market Manager has sole discretion of what will be permitted within the 80% vendors and 20% vendors.
- Only the products that are listed and approved on your application form can be sold.
- Should you wish to add an additional product, you must apply to the Market Manager providing detail and samples of the product.

- The vendor committee must approve any changes or additions to product lines in advance prior to you selling the additional product.
- The Vendors' Committee reserves the right to request that the market manager order the removal of all products they consider unsuitable for sale at the Farmers' Market.
- **The sale of used goods or products is prohibited.**
- All products **must** be of high quality. Inferior quality products will be removed at the request of the Market Manager. If repeated, it will result in the vendor being expelled from the Market.

2. HEALTH REGULATIONS:

- a) **All products sold at the Farmers' Market must conform to Alberta Health Services (AHS), Health Canada and Canada Food Inspection Agency (CFIA) regulations and standards.**
- All health regulations must be strictly observed. Copies of these regulations can be obtained by contacting Alberta Health Services at the following link:
<https://www.inspection.gc.ca/food-label-requirements/labelling/industry/eng/1383607266489/1383607344939#>
